“PwC Romania had a solid turn-over growth in the past two years, surpassing the RON 200 million threshold, together with the substantial increase of the number of consultants. At this point we have over 750 professionals, in 6 offices in Romania and Republic of Moldova. We also have very ambitious plans to continue attracting the most promising talents on the market and offer them exceptional career opportunities. We are aware of the fact that the people are the firm’s most valuable asset and we are heavily investing in the continuous development and learning process throughout their whole career. “Because we live in the century of speed, we have simplified the recruitment process and everything connected to candidates preselection will be done online. The process will start with an ability test and a video interview. We are looking for candidates with strong sintesys ability, capable of seeing things from differen perspectives, who are ambitious and wish to work in teams on complex and impactful projects. We are looking for candidates with various academic backgrounds that can be developed within the firm”, said Raluca Gădiuță, Human Capital Manager, PwC Romania.
